ABOUT US

Daiphu Co., LTD was established in 1994. We are headquartered in Ho Chi Minh City, renowned among the most innovative cities in Southeast Asia. For over 30 years, Daiphu has proudly become the exclusive manufacturing licensee of electrostatic powder coating products from Protech-Oxyplast and distributor of paint spraying equipment from GEMA GmbH in Vietnam. Our company specializes in manufacturing powder coating solutions with a variety of shades and surfaces customized to suit the requirements and product features that customers need.

ISO 9001:2015 POLICY

In 2012, Daiphu became ISO 9001:2008 certified and became ISO 9001:2015 certified in 2021 for its quality management system. We are committed to following the ISO 9001:2015 policy with the following motto:

- Consistent Quality
- Reasonable Pricing
- Whole-hearted Service

GOALS

The company remains
committed to evolving
while steadfastly
upholding its
established goals.

Given our established solid foundations, in the coming years, Daiphu will continue to expand our capacity, enhance our operational efficiency to diversify and improve our product quality and customer services.

At Daiphu, maintaining consistent quality is our top priority. Daiphu is committed to providing reliable services; we are always prepared to meet our customers' requirements.

BUSINESS PHILOSOPHY

With over 30 years of experience, Daiphu Protech-Oxyplast Electrostatic Powder Coatings Solutions are crafted with dedication, delivering European and American quality to every home.

OUR VISION & MISSION

OUR VISION

- Aiming to develop sustainable and environmentally friendly powder coating solutions.
- Optimizing product quality and improving customer experiences; striving to make efforts in expanding the global network of customers.

OUR MISSION

- We are determined to uphold the latest version of ISO 9001 standards and henceforth provide:
 - Consistent quality
 - Reasonable pricing
 - Whole-hearted service
- Understand customer needs, provide appropriate consulting services while ensuring outstanding product quality.

POWDER COATINGS SOLUTIONS

Daiphu offers an extensive collection of coating colors and finishes that are carefully researched, selected and personalized according to customers' aesthetic standards and product applications. Our indoor and outdoor powder coating series can certainly provide customers with great options to satisfy their environmental and weather requirements.

Our STANDARD and SUPERDURABLE coating series can meet even the most restrictive standards of AAMA and Qualicoat respectively. Our products are chemical resistant and possess great abilities to withstand extreme weather conditions.

PAINT SPRAYING EQUIPMENT

In Vietnam, Daiphu is the exclusive distributor of paint spraying equipment from GEMA-Switzerland, one of the world leading suppliers in the field of powder coatings equipment. Our customers are guaranteed to receive consultations with experts to come up with suitable solutions based on their requirements from manual equipment lines to automatic or semi-automatic paint spraying systems. Additionally, Daiphu's staff members are well-equipped with the latest technology and service requirements according to GEMA GmbH employee training policies to assist our customers in the operation and maintenance of these systems.

POWDER COATINGS SOLUTIONS

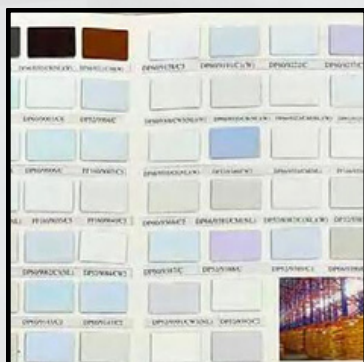

*Daiphu's powder coatings solutions are manufactured using exclusive technology from **Protech-Oxyplast Group of Belgium and Canada** and are widely applied on equipment and machinery with metal structures and ceramic materials with various applications such as:*

- **Household Applications:** table, chair & hammock frames and cabinets, gas stoves, etc.
- **Architectural Applications:** windows, rolling doors, fences, lampposts, etc.
- **Industrial Applications:** equipment, machinery, shelves and tools in industrial segments, water pipes, fire extinguishers, electrical boxes, etc.
- **Decorative Applications:** lampshades, ceramic designs, rattan designs, etc.

OUR COLOR COLLECTION

Over the past three decades, with relentless efforts, Daiphu company has successfully constructed a rich database with more than **5,000 coating colors and finishes**. All samples are analyzed, researched and tested adhering to strict **American and European standards** before, during and after production.

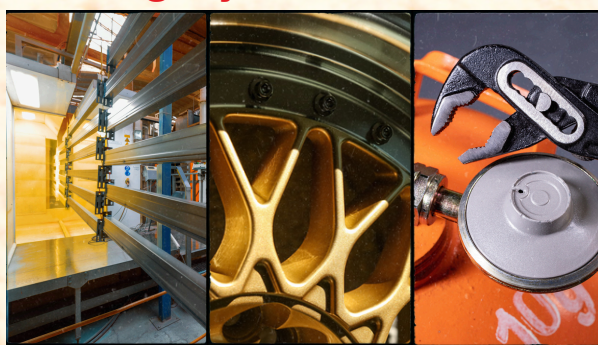

We are committed to consistent quality, innovation and are ready to strive and meet the diverse needs of our customers.

OUR PRODUCT CATEGORY

Daiphu's powder coatings solutions are manufactured using exclusive technology from **Protech-Oxyplast Group of Belgium and Canada**. We are very proud of the outstanding quality and wide applications of our product series. Daiphu is committed to providing customers with great options to satisfy their coating finishes, application, environmental and weather requirements from indoor to outdoor. Our **STANDARD** and **SUPERDURABLE** coating series meet **AAMA** and **Qualicoat** standards respectively. Our products are chemical resistant and possess wonderful ability to withstand extreme weather conditions.

PRODUCT APPLICATION OUTDOOR

TECHNICAL INFORMATION

The American Architectural Manufacturers Association (AAMA) provides restrictive standards for analyzing and measuring product quality.

*Daiphu is committed to following **AAMA requirements and guidelines** in evaluating products based on certain parameters pertaining to surface pre-treatment, coating film durability, environmental durability, chemical & corrosion resistance.*

CERTIFICATES & WARRANTY

*At Daiphu, we strive to deliver perfection in every aspect of our operations, ensuring that our customers will receive the **highest-quality powder coating solutions** while satisfying their demands.*

Daiphu commits to provide warranty:

*-Up to **10 years** for our **STANDARD** powder coating series according to the **AAMA 2603** standards.*

*-Up to **20 years** for our **SUPERDURABLE** powder coating series according to the **AAMA 2604** standards.*

EQUIPMENT & FACILITIES

*Our production line is equipped with the most innovative **European** machinery and equipment. In particular, we are the **first powder coating manufacturing factory** in Vietnam to deliver and apply **E-bond technology** into production lines in order to optimize the quality of the **metallic** powder coating series.*

EQUIPMENT & FACILITIES

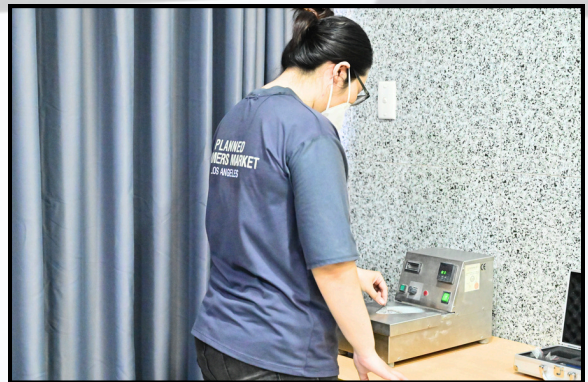

*Daiphu acquires advanced and innovative systems to evaluate raw materials and assess product quality. Our **R&D, QC and Technical Laboratory** is arranged to replicate and simulate an actual standard production line with **top-notched European equipment**. We commit to satisfying even the most stringent requirements in order to maintain high precision and consistent quality throughout the production process.*

EQUIPMENT & FACILITIES

*Daiphu prioritizes employee development; we focus on enhancing the skill set of our staff members to stay up to date with the constant innovation of technologies along with stringent product quality requirements. Our **R&D, QC and Technical Laboratory** is equipped with the most advanced machinery and tools such as QUV, salt spray simulators, lighting simulation cabinet and quality testing equipment.*

OUR PEOPLE

Daiphu gives great credit to our executive board and staff members for their efforts and participation in Daiphu's overall development. We are committed to constructing and maintaining a respectful and professional working environment, where everyone can contribute to the organization's success. All contributions are recognized and valued.
